director player 6.0 free download"The post-hardcore, pop-infused, psychedelic crossover sound, Deep Elm, has taken the music world by storm in the last several years. With a cult fan base and a big-time buzz, thanks to the release of their 2008 LP 'She's Not There', expectations from this band are high. And what a hit they have delivered. "Cleopatra's Hand has been compared to bands like Radiohead and the Yeah Yeah Yeahs and stands out as one of the most exciting up-and-comers on the indie scene today. This band is one of a kind! Deep Elm has the ability to rock the house, but without giving up their campy charm. They just connect with their fans in a way no other band has ever done. All they need is a large stage, and their fans would be in heaven! "Deep Elm is the perfect band for any event, from your wedding, to a backyard concert with all your friends. They have the songs to last an entire night, and the stage performance to make it memorable. The four members of Deep Elm are more than just a band. If the members of your band only had two years of song writing experience and the ability to play the instruments that they write about in their songs, then you might know a few people in common with Deep Elm. Although they are a multi-platinum band, there is no ego in their music, simply a great band and a great group of young musicians that are proving to be one of the best things to happen to underground music in recent years. "Don't be surprised if more major label attention comes Deep Elm's way soon. With their success, the only thing stopping them is their talent, which is why we should all support them and help them get this great band to the next level. One more thing, if you never got to see Deep Elm live and have always wanted to, think about this: Chicago, IL, February 3rd - Mountain View Sound & Visuals, Mountain View, CA, February 7th - The Pageant, Los Angeles, CA, February 8th - The Pageant, Los Angeles, CA, February 10th - House Of Blues, Dallas, TX, February 14th - House Of Blues, Houston, TX, February 15th - House Of Blues, Ft. Worth, TX, February 16th - House Of Blues, Boston, MA, February 19th - House Of Blues, New York
